

AUTUMN GAS PILOT LIGHTING POLICY

The Autumn Gas Pilot Lighting Program is a courtesy that the City of Covington has extended to its residential customers for a number of years. During the pilot lighting season which extends from the last week in September to the Friday before Veterans' Day, the City of Covington will light gas pilots for heating devices at no charge. A safety check will only be conducted at the time of the pilot lighting, if requested by the customer.

Passed by the Public Works Committee; 6th October 2015

Passed by the Covington Board of Mayor and Aldermen ; 27th October 2015

Revised October 2015
