The CPD is currently down three positions.

1. Uniform Patrol
2. Uniform Patrol
3. Administrative Secretary

Training

- March 7-10, Sgt. Templeton and Officer Norton attended a 32 hour training session in Jackson. (Lidar and Radar Instruction)

This course has been prepared to aid the training administrator in planning and managing the Basic Training Program in RADAR/LIDAR speed measurement. The purpose is to provide the knowledge and skills necessary to perform speed enforcement activities. To be able to describe the association between higher speeds, crashes, deaths, injuries and traffic safety benefits of effective speed management, as well as describe the principles of estimating vehicle speed, identify and discuss laws and court decisions affecting speed enforcement. Identify and discuss policies and procedures affecting speed enforcement. Demonstrate the ability to estimate the speed of vehicles and demonstrate the ability to prepare and

"Serving – Protecting- Caring"

present testimony relating to speed estimating and enforcement. The overall goal of Speed- Measuring Device Operator Training Program is to provide the knowledge and skills necessary to become more effective in detecting and apprehending speeding vehicles.

- Lt. Ginn attended the TIES Conference on March 15-16 in Pigeon Forge.

The Ties Operations Center is available 24/7. TIES operations personnel are responsible for providing technical support for local, state, and federal agencies with connectivity to the TIES Network, as well as monitoring the performance of the TIES Network. They also provide system maintenance and backup functions of computer information systems housed at the Tennessee Crime Information Center TCIC and assume the emergency communications responsibilities within the TBI after hours and on weekends.

- Sgt Campbell and Officer Robertson attended a 16 hour training session involving Critical Incidents at the Germantown Police Department March 17-18.

This course is designed to provide officers with the information and tools needed to manage a critical incident prior to the arrival of SWA. Understanding the methodology used in managing a dynamic tactical problem, and the 4 primary types of critical incidents involving an adversary will give the officer tools needed to succeed during these events.

1. The characteristics of a crisis
2. Basic Law Enforcement strategy
3. Primary mistakes made during large scale critical incidents
4. Managing a dynamic tactical problem
5. The basic strategy for managing chaos
6. The “Big 4”- hostage situations, barricaded suspects, active shooters and apprehending fleeing felons
7. Lessons learned from case studies

- Det. Dillingham attended 24 hour training session New Detective, at the Tullahoma Police Department March 28-30.

This course is specifically designed for new or recently assigned investigators/detectives. It provides the initial orientation to the role of Criminal Investigator and the basic aspects and procedures of conducting an investigation.

- Off. Daniel Carter completed his Basic Law Enforcement training at TLETA and his Graduation Ceremony was held April 1st, in Nashville.
