The deadline for us to receive your application is Friday, August 18, 2023 (close of business). Grant notifications will be distributed the week of September 11, 2023.

Only ONE grant application may be approved for each town/city/agency during any given FISCAL YEAR. You may not "roll-over" an application from one fiscal year to another.

If approved for a grant, your proof of payment for expenditures must be received by April 1, 2024, or your grant money WILL be awarded to the next application.

**PLEASE NOTE :** The funding for this program is limited and is time-sensitive. It is important that you are diligent in filing for reimbursement. Members who submit late reimbursement receipts may jeopardize their eligibility to receive a grant the following fiscal year. Please do not delay and plan ahead to submit reimbursement items as soon as the Approval Notification letter is received.

**GRANT CONSIDERATIONS:** Consideration of grants will be based on a variety of issues, such as your entity's risk management practices, loss experience, and availability of funding and submission date.

1. The primary consideration will be the amount of available funding for the fiscal year.
2. Priority will be given to risk exposures noted in the loss control site surveys, recommendations and/or loss trends, and a history of sound risk management practices.

Grant funding will depend on the **earned workers' compensation premium from the previous year**. Your earned premium from the previous year is available **after July 5, 2023**, at which time you may email Tahtia Mitchell at [TMitchell@PEpartners.org](mailto:TMitchell@PEpartners.org) to inquire about your classification.

If you need to know about your classification or if you have additional questions, please contact:

"My prayers are with the mother and the unborn child. We are coordinating with the District Attorney's Office to pursue prosecution on those responsible," said Chief Donna Turner.
