Total: \$1,167,930.00

This report outlines the activities and contributions of the Fire Inspector for the time frame of October 18-November 22, highlighting key inspections and assistance provided to ensure public safety and regulatory compliance.

Fire Inspections:

- Conducted 11 annual fire inspections across various properties. These inspections are crucial for identifying fire hazards, ensuring fire safety measures are in place, and promoting compliance with fire safety regulations. One property needed immediate attention to fire risk issues.

Beer Inspections:

- Conducted 6 Business Inspections to ensure safety for annual beer sales permits.

Business Final Inspections for Certificate of Occupancy:

- Completed 3 inspections of businesses aimed at ensuring Fire and Life Safety measures were in place before opening to the public.

Fire Alarm Inspections / Sprinkler System Hydrostatic Testing:

- Conducted 4 inspections focused on fire alarm systems. These inspections are critical for ensuring that commercial fire alarm systems have effective activation, are appropriately placed and/or properly maintained to reduce fire risks.
- Conducted 2 Hydrostatic System Inspections on a new Fire Sprinkler System.

Annual Fire Inspection Schools: These inspections were conducted with Deputy State Fire Marshal Tommy Smith.

- Conducted a Fire Inspection on Tipton Alternative School.
- Conducted a Fire Inspection on Covington- Crestview Middle School.
- Conducted a Fire Inspection on Covington- Crestview Elementary School.
- Conducted a Final Inspection on FUMC/School

Business Pre-Plan Visit:

- Conducted 2 pre-plan visits for business facilities. Pre-plan visits involve assessing the layout, risks, and potential hazards of a facility to develop effective emergency response plans.

Plans Review:

- Plan Review/ Inspection for U.S. Cold Storage (10-28)
- Plan Review for TCAT (11-04)
- Plan Review Knox Box/Emergency Egress Hardware- (11-04)
- Gypsum Firewall- Court Square Townhomes (11-06)
- Plan Review/ Inspection on GreenPoint Ag. (11-19)
- Plan Review/ Inspection on GreenPoint Ag Fuel Center (11-19)
- ***Residential Insulation Inspection* (11-18)**

Emergency Calls/Operations:

- Assisted on a MVC involving a City Employee.
- Assist on fire alarm at an Assisted Living Facility.
- Investigation of complaint of an Illegal Burn.

Meetings:

- Total Leadership- Quality of Life. (10-31)
- Small Business Uplift (11-05)
- Planning Commission Meeting. (11-05)
- Guest Speaker- Lion's Club (11-18)
- Total Leadership- Education (11-20)

Holiday/Day's Off:

- Veterans Day (11-11)
- Sick (11-01)

Conclusion: I attest that my efforts have significantly contributed to public safety by conducting essential fire inspections, ensuring compliance with fire and life safety regulations during business inspections, and assisting in various critical inspections related to building codes enforcement. These activities are crucial for safeguarding lives, protecting property, and promoting a safe environment within the community.

Russell Thigpen
Fire Inspector/OSHA Compliance

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (the "MOU" or "Memorandum"), is entered into on (Date), by and between Brownsville Fire Department located at 19 W Franklin St, Brownsville, Tennessee 38012 (the "First Party"), and Covington Fire Department located at 101 Tennessee Ave, Covington, Tennessee 38019 (the "Second Party"). First Party and Second Party may be referred to individually as the "Party", or collectively, the "Parties".

1. MISSION

The partnership on which the Parties are intending to collaborate, has the following intended mission in mind:

To conduct (TN Fire Commission approved) live fire training in an effective and efficient manner. that complies with the NFPA 1403 standard

2. PURPOSE AND SCOPE

The Parties intend for this Memorandum to provide the cornerstone and structure for any and all future contracts being considered by the Parties and which may be related to the partnership.

3. OBJECTIVES

The Parties shall endeavor to work together to develop and establish policies and procedures that will promote and sustain a market to Provide live fire training that has been approved by the TN Firefighting Commission , and intend to maintain a product and/or service that meets or exceeds all industry standards.

4. RESPONSIBILITIES AND OBLIGATIONS OF THE PARTIES

Any Party may decide not to proceed with the partnership contemplated herein for any reason or no reason. A binding commitment with respect to the partnership described herein will result only from execution of definitive agreements, subject to the conditions contained therein. Notwithstanding the two preceding sentences of this paragraph, the provisions under the headings Governing Law and Confidentiality are agreed to be fully binding on, and enforceable, against the Parties.

5. TERMS OF UNDERSTANDING

The term of this Memorandum shall be for a period of from the Effective Date and maybe extended upon written mutual agreement of both Parties.

6. CONFIDENTIALITY

The Parties will treat the terms of this MOU, and the documents submitted herewith, in the strictest of confidence, and that such terms will not be disclosed other than to those officers, representatives, advisors, directors and employees of any Party who need to know for the purpose of evaluating this MOU and who agree to keep such material confidential.

7. LEGAL COMPLIANCE

The Parties acknowledge and understand that they must be able to fulfill their responsibilities under this Memorandum in accordance with the provisions of the law and regulations that govern their activities. Nothing in the Memorandum is intended to negate or otherwise render ineffective any such provisions or operating procedures. The Parties assume full responsibility for their performance under the terms of this Memorandum.

If at any time either Party is unable to perform their duties or responsibilities under this Memorandum consistent with such Party's statutory and regulatory mandates, the affected Party shall immediately provide written notice to the other Party to establish a date for resolution of the matter.

8. LIMITATION OF LIABILITY

No rights or limitation of rights shall arise or be assumed between the Parties as a result of the terms of this Memorandum.

9. NOTICE

Any notice or communication required or permitted under this Memorandum shall be sufficiently given if delivered in person or by certified mail, return receipt requested, to the address set forth in the opening paragraph or to such address as one may have furnished to the other in writing.

10. GOVERNING LAW

This Memorandum shall be governed by and construed in accordance with the laws of the State of Tennessee.

11. AUTHORIZATION AND EXECUTION

The signing of this Memorandum does not constitute a formal undertaking, and as such it simply intends that the signatories shall strive to reach, to the best of their abilities, the goals and objectives stated in this MOU.

This Agreement shall be signed by Brownsville Fire Department and Covington Fire Department and shall be effective as of the date first written above.

Personnel

The CPD currently has two (2) vacant positions. October - November staffing changes:

CPD hired three (3) candidates as Patrol Officers: **Michael Hammond, Cameron Johnson, and Jeffery Prater.**

Officer Dowell and **Officer Hayes** have been accepted and will be attending TLETA in the January 2025 class.

Officer Barnes and **Officer Olive** are attending TLETA 12-week basic training academy from September 29 – December 20, 2024. Officer Barnes had a medical issue and was excused from the 4th week of training. He will return next session and complete the week to receive his POST certification.

“Serving – Protecting- Caring”

The open position for intelligence analyst and SRO have been posted. We have received several applications and will be setting up an interview panel in the coming weeks.

Training

10/3 – Clerk Carolyn Scott attended the MCC Foundations and Updates Seminar in Bartlett, TN to attain all new information for Municipal Court.

10/3 – CPD staff attended an update to Flock license plate reader training. It was hosted by Flock and presented at CID. The training informed patrol officers how to utilize the app for tracking Flock hits.

10/10 – Staff from the Patrol and Criminal Investigations Divisions attended Human Trafficking Training presented by TBI Agents hosted at CID. The training was training to help identify potential trafficking victims and conducting investigations related to Trafficking.

10/11 Ofc Moore attended Advanced Traffic Stop training in Germantown, TN to develop legal knowledge on conducting legally defensible traffic stops.

10/14 – 10/18 – Sgt Templeton and Nic Shaw attended Specialized Instructor Firearms Training hosted by Martin Police Department. The training is to provide certified training to CPD staff for the annual training.

10/19 – 10/22 – Chief Turner attended the International Association for Chiefs of Police (IACP) in Boston, Ma allowing our department to be up to date on all new and improved law enforcement tools, techniques, and offerings.

10/21 – 10/25 – Cpl Hunt attended Instructor development training in Murfreesboro, TN to help develop leadership skills.

10/22 – 10/23 – Evidence Specialist Keyoeacha Boyle, Lt Demario Avery, and Analyst Ryan Magee attended mandatory TBI TIBRS certification training hosted by the Madison County Sheriff's Office in Jackson.

10/24 - 10/25 – Sgt Bohnert and Sgt Meux attended Leadership for Front-Line Supervisors in Jackson TN to help develop the skills and knowledge to excel as front-line leaders.

10/28 – 11/4 – Sgt Templeton and Nic Shaw attended Law Enforcement Rifle Instructor training in Covington, TN to develop instructional skills for professional law enforcement firearms instructor to present basic, intermediate, and advanced training for the LE rifle. This certifies CPD has firearm instructors to provide annual firearm training.

10/28 – 10/30 – K-9 Ofc Vanvleet and Cpl Meux attended Field Training Officer Training hosted by the Millington Police Department, The training equips them with the knowledge and skills necessary to effectively implement and manage field training programs.

Section 7.01

PATROL FUNCTIONS

SUBJECT: Tennessee Information Enforcement System (TIES) Policy		
Issue Date: 11/18/2024	Effective Date: 11/26/24	Review Date:11/26/2024
Amends/Rescinds GO:		Distribution: All Personnel TCA: CALEA: TLEA: 1.1
Per Order of:		
Chief of Police		
This General Order is for departmental use only and does not apply in any criminal or civil proceeding. This General Order should not be construed as creation of a higher legal standard of safety or care in an evidentiary sense with respect to third party claims. Violations of this General Order will only form the basis for departmental administrative sanctions. Violations of law will form the basis for civil and criminal sanctions in a recognized judicial setting.		

I. Policy

The purpose of this General Order is to establish and provide uniform guidelines for the use of the Mobile Data and NCIC Terminals, through the standardization of procedures and functions.

II. Procedures

The Covington Police Department maintains full participation in the Tennessee Information Enforcement System (TIES). The Covington Police Department will utilize mobile data and NCIC terminals in compliance with all rules, regulations, and guidelines set forth by the FBI, NCIC, NLETS, and TCIC. It shall be the policy of the Covington Police Department that all personnel who use the Mobile Data Terminals shall be at a minimum "query certified" through training by qualified personnel. In addition, MDT operators must receive a certificate from the Tennessee Bureau of Investigation certifying the operator. The certificate shall be maintained and placed in the operator's personnel file. When an officer is no longer with our agency, the officer's access is deactivated through the MDT software, made inactive in nexTest. The officer is then removed from the ORI list. The ORI then will be reassigned to a certified officer when needed for their specific job duties. An active ORI list is kept on file for audit purposes and is updated every six months as an in-house audit for MDT ORIs. Only certified operators shall have access to all information available through NCIC and TIES. Violation of this policy may lead to revocation of system privileges and/or disciplinary action, up to and including dismissal from the agency and criminal sanction.

III. Definitions

- A. **Automatic Vehicle Location (AVL)** – A program within the CAD that allows the vehicle to be tracked on a map.
- B. **Certified Operator** - personnel who have completed the required training to operate NCIC.
- C. **Computer Aided Dispatch (CAD)** – A computer program used to aid officers in mapping, receiving calls, car-to-car or dispatch-to-car communication, NCIC queries, etc.
- D. **Mobile Data Terminal (MDT)** - a mounted computer used to aid the officer in the performance of his/her duties.
- E. **NCIC Terminal** – Computer located at agency for usage with NCIC only.
- F. **TIES** – Tennessee Information Enforcement System.
- G. **Terminal Agency Coordinator TAC** – person at the agency that ensures compliance with NCIC rules and regulations regarding terminal and usage. Only the TAC, the alternate TAC, and others deemed necessary by the Chief of Police shall be authorized to use the terminal located in the patrol supervisor's office.

IV. Use of the MDT and related systems

The MDT is a mounted computer used to aid the officer in the performance of his/her duties. The MDT will provide the officer tools in the area of dispatch, report writing, NCIC queries, mapping, and car-to-car communications. MDT's are not capable of running criminal history checks. The procedures are as follows:

- A. ACCESS
 - 1. All users of the MDT will have a password for access to the CAD.
 - 2. Officers shall power on their MDT, activate, and log into the CAD program at the location where their vehicle is stored between shifts, prior to driving to Covington. The MDT and CAD program shall remain on and running throughout their entire shift, including the officer's drive to the location where the vehicle is stored between shifts, any extra time worked after the conclusion of the officer's shift or time spent on the Tennessee Highway Safety Office (THSO) grant. The same protocol for the MDT and CAD shall be followed for extra jobs and/or special events, unless otherwise directed by a supervisor.
 - 3. Only authorized personnel shall have access to the MDT and associated programs. At no time will an officer allow anyone who does not have authorization to access the MDT. Unless authorized by the Chief of Police, the only people authorized to have access to the MDT's and it's programs are employees of the Covington Police Department.

4. The procedure for using the dispatch section of the MDT program is to use voice (radio) confirmation of the call. The dispatch section of the program will also provide the officer with all data that pertains to the call including updates from dispatch and/or other officers.
5. The MDT provides the officer the ability to NCIC query through the CAD. All business on the MDT and CAD will be job related, and no personal business will be allowed at any point. Violation of this procedure is a serious offense within the Covington Police Department and the Tennessee Bureau of Investigation.
6. Car-to-car data communications and email are available to the officer to aid in communicating with other officers and dispatch. Profanity, inappropriate remarks or references, or unprofessional comments or language shall not be transmitted via the MDT. **All information in these functions is public record and can be subpoenaed in court.** The Systems Administrator will perform random checks of these communications.
7. Hardware or software re-configurations are the responsibility of the information technology specialist. No other person(s) shall attempt to modify the MDT, its accessories or programs.
8. The CAD is equipped with a GPS and AVL program, which allows dispatch and other officers to see the location of other units, enhancing officer safety and response times. At no time will unauthorized personnel alter either the CAD, GPS, or AVL Interface.
9. Non-work related personal items or data and unauthorized programs are not to be placed on the MDT's.
10. The MDT is not to be used for private or browsing of the internet, including accessing personal social media sites.
11. The MDT is a government computer, and it is subject to search at any time. Searches may include all of its systems, files, search history, programs, etc. There is no expectation of privacy on an MDT.

V. NCIC Hits

When NCIC queries returns a "hit," officers receive information on the appropriate missing person, stolen property, or warrant(s). Officers are also furnished the date, location, and agency that filed the report. The procedures for follow up are:

A. Procedures

1. When an officer receives a positive response from NCIC and an individual is being detained or a piece of property about to be seized, an immediate confirmation with the agency that originated the record in the system is necessary to ensure the validity of the hit before an arrest or seizure is made. The officer shall not take action on a "hit" **until** positive confirmation is made by the Communications Center. To "confirm a hit" means to verify with the entering agency that the missing person report, theft, or warrant is still

outstanding and that the person or property inquired upon is identical to the person or property listed in the wanted person, missing person, or stolen property record.

2. To initiate a hit confirmation, the officer must notify dispatch and request a confirmation of the exact data entered. A Communications Dispatcher will contact the entering agency and verify the hit. Any information received by the Communications Dispatcher will be relayed to the officer on scene. The officer is then responsible for using that information in establishing sufficient legal grounds for probable cause to arrest and/or seize property.

VI. Care and Use of Mobile Data Terminals

A. The following guidelines apply to all sworn personnel:

1. Officers may operate the MDT while the vehicle is in motion, as long as it is safe to do so.
2. Do not tamper with the mounting of the MDT.
3. Do not expose the MDT to food, drink, or any other contaminants that may cause harm to the unit. Liquid beverages are permitted in the patrol unit, but must be in a closed container (cup with lid) and positioned away from the MDT. If liquids are spilled onto the laptop, the officer is to immediately notify a supervisor. The supervisor will decide if the information technology specialist should be contacted.

B. Passwords

1. All users of the CAD will have a proper password. At no time will an officer allow his or her password to be used by anyone else. This is a serious violation of computer security. All officers shall ensure they have signed off the MDT at completion of their shift.
2. Passwords shall be changed when prompted.

C. Inspections

1. Inspections of the MDT will be in conjunction with vehicle inspections conducted by the designated supervisor. Officers shall check the MDT, for operational readiness and damage, before the beginning of their shift. Officers will report any issues with the MDT and/or CAD.

D. Release of Information

1. The federal guidelines, outlined in the U. S. Department of Regulations, mandates that NCIC/TIES/TIBRS computer information is confidential and shall be released

to authorized law enforcement officials **only**. Information retrieval and dissemination shall only be by certified NCIC terminal operators approved by the Chief of Police. All information retrieval and dissemination shall be documented by NCIC guidelines; it is the policy of the Covington Police Department to not release any information obtained through NCIC to the general public. The TAC and/or ATAC will notify the Chief of Police of any non-compliance with federal mandated guidelines.

2. Disposal of NCIC printouts

- a. It is the policy of the Covington Police Department to shred or burn all documents obtained through NCIC once they are no longer needed.

VII. NCIC Testing

1. NCIC testing for certification and recertification shall be online when available and the NCIC test study guide will be available for the test-taker as a reference for the test.
2. Testing will be conducted as determined by TBI.

Covington Police Department

SECTION 5.08

PATROL FUNCTIONS

SUBJECT: Vehicle Impounds		
Issue Date: 1 November 2024	Effective Date: 1 November 2024	Review Date: Annually
Amends/Rescinds GO:		Distribution: All Personnel
Per Order of: Chief of Police:		TCA: CALEA: TLEA:
This General Order is for departmental use only and does not apply in any criminal or civil proceeding. This General Order should not be construed as creation of a higher legal standard of safety or care in an evidentiary sense with respect to third party claims. Violations of this General Order will only form the basis for departmental administrative sanctions. Violations of law will form the basis for civil and criminal sanctions in a recognized judicial setting.		

PURPOSE

To establish guidelines for the management, storage, and fee structure of vehicles impounded in the Covington Police Department's seizure lot.

POLICY:

The Covington Police Department is committed to the fair and equitable treatment of all individuals whose vehicles are impounded. This policy outlines the procedures for impounding vehicles, the daily fees associated with storage, and the exceptions for certain vehicles.

DEFINITIONS:

A. Disabled Vehicle: a vehicle rendered inoperative as a result of a collision or mechanical failure.

B. Vehicle in Violation: A vehicle in violation of any state, county, or municipal law or ordinance.

C. Impound Vehicle: A vehicle which law enforcement agency temporarily takes possession of and has removed to a police facility or private towing lot until the owner complies with requirements for its release or the vehicle is disposed of by legal means.

D. Seized Vehicle: A vehicle that a law enforcement agency takes into custody and which may be subject to forfeiture proceedings.

E. Vehicle Owner: A person who has title to or security interest in a vehicle.

F. Custodial Interest: A person or persons given temporary control and use of a vehicle by an owner.

G. Abandoned Vehicle: a vehicle that has been left in a location with/without the owner's permission or without any reasonable explanation for its presence, often for a prolonged period of time. (30 Days or longer)

PROCEDURES:

A. Vehicles Involved in an Accident

1. When a person having custodial interest is present on the scene, the vehicle will not be impounded. If it cannot be driven or legally parked, the officer will afford the person the opportunity to remove their vehicle within a reasonable amount of time. If this cannot be arranged in a timely manner, the city's contracted tow company will be contacted to remove the vehicle. The destination may be arranged by the private parties.
2. When no person has custodial interest is on the scene, the vehicle will be impounded.
3. When a vehicle has been involved in a fatal accident it may be impounded at the direction of the investigating officer. The vehicle will be stored in a lot wherein the evidentiary chain of custody can be maintained.
4. If a vehicle has been involved in a serious crash, in which a mechanical malfunction is suspected, the vehicle may be impounded at the direction of the investigating officer. The vehicle will be stored in a lot wherein the evidentiary chain of custody can be maintained.

B. Illegally Parked Vehicles

1. Vehicles shall **not** be routinely impounded for parking violations. When possible, the officer will give the owner/operator a reasonable opportunity to remove the vehicle. However, officers are not restricted from issuing appropriate violation notices or summonses. Impoundment is authorized in the following circumstances:
 - a. If a vehicle is parked or standing in a fashion that impedes the movement of traffic or blocks a driveway or entrance, or is left unattended on any road, highway, alley or parking lot in a manner that constitutes a threat to public safety.
 - b. If a vehicle is parked in a fire lane, or interferes with access to a fire hydrant, or interferes with the passage of an emergency vehicle during the event of an emergency.
 - c. If a vehicle is parked on a snow emergency route and interferes with snow removal efforts and/or impedes traffic during a snow emergency

- d. If a vehicle has not been moved in 10 days following the issuance of a warning for 72-hour violation.

C. Vehicle with Defective Equipment

1. Vehicles with defective, deficient or altered equipment should not be impounded unless the continued operation of the vehicle poses an immediate danger to persons or property.

D. Arrested Person's Vehicle

1. When the operator of a motor vehicle is arrested, but his/her vehicle can be left lawfully parked, or when the owner/operator can arrange legal removal of the vehicle in a reasonable amount of time, the vehicle will not be impounded.
 - a. When the operator of a vehicle is arrested for DWI (Driving While Intoxicated), the vehicle may be impounded, in accordance with T.C.A. 55-50-405
 - b. If the vehicle is to be left lawfully parked after an accident, arrest or other circumstance, the owner/operator should be advised of the City's 72 hour parking ordinance.
 - c. Officers are reminded to exercise sound judgment in these instances and ensure that vehicles left on the scene are parked in a secure fashion.

-Owners will assume all responsibility for the vehicle and all its contents

E. Proof of Authorized Possession

1. Vehicles shall not be impounded solely because the owner or operator does not have a registration card, unless there is no other reasonable means to establish authorized possession to the satisfaction of the officer.

F. General Impound Guidelines

1. It is the policy of the Covington Police Department to inventory the contents of every vehicle that is impounded. The purpose of the inventory is to protect the vehicle owner/operator property while in the police department's control and custody. It is also to protect the officer and the department from claims or disputes about lost, damaged, or stolen property. Officers impounding a vehicle will
 - a. Inventory the vehicle and include an inventory list with the Forfeiture Paperwork and departmental casefile.

- b. The inventory will encompass all areas and containers within the vehicle where valuables may be found. Areas and containers include but not limited to, glove compartments, trunk, luggage, briefcases, and any other item that may contain valuables.
- c. Officers will not break open any locked glove compartment or container to inventory items within. If a key is available for the locked area, it may be opened and inventoried. If no key is available, the locked area or container will be noted on the inventory form and the container described
- d. Valuable property found in the vehicle or a container in the vehicle will be removed, noted on the inventory report and entered into the evidence property room for safekeeping until the owner is able to claim the property. Valuable property is considered, monies, jewelry, electronics, and any other item that can be reasonably considered valuable.
- e. The impound case number, date, department, and officer's identification number should be written on the vehicle's windshield with a grease pencil.
- f. Officers will make reasonable attempts to contact the owner by telephone and advise where the vehicle is located and the procedure to recover the vehicle.
- g. The on-duty Dispatcher should verify the vehicle's license plate and check the vehicle for stolen status

G. Impounding Vehicles for Evidentiary Purposes

- 1. Vehicles used in a crime may be impounded if necessary for evidentiary or identification purposes. If possible, vehicles should be processed on the scene rather than impounded.
- 2. When a vehicle is towed to the station or other secure location for processing, it will be followed by an officer
 - a. The officer impounding a vehicle for evidence processing shall notify CID that the vehicle is ready for processing, or, if possible, process the vehicle himself/herself, if authorized by CID Detective, for cases that CID is involved.
 - b. CID personnel shall process all vehicles involved in any:
 - murder
 - rape or attempted rape
 - serious aggravated assault
 - armed robbery

- c. In any incident not listed above, processing by CID is at the discretion of the Detective, based on the seriousness of the incident, availability of manpower, and work priorities
3. Whenever a vehicle is impounded for evidentiary purposes, the owners are responsible for towing and storage fees.

H. Recovered Stolen Vehicle Procedures:

1. Vehicles recovered in stolen or unauthorized use cases may be impounded. However, if the owner of the vehicle lives close to the recovery location and the vehicle appears to be operable, the officer should attempt to contact the owner and request that he/she respond immediately to the scene to take custody of the vehicle. If the owner is unable to respond, the vehicle will be impounded.
2. If the vehicle is to be processed for evidence, the vehicle will be processed at scene before being released to the owner of the vehicle.

I. Release of Vehicle:

- a. Issuance of Vehicle Release: Except in cases in which a vehicle is impounded for Evidentiary purposes, a vehicle release will not be denied to a person who has produced adequate documentary evidence that he/she is entitled to the vehicle. Such documentary evidence will be required when any person other than the last registered owner requests release, and documents must be photocopied and attached to the original release form. No release will be given to persons who are apparently intoxicated.
- b. Documentary evidence should consist of, but is not limited to, two or more of the following:
 - * certificate of title
 - * endorsed title
 - * bill of sale
 - * notarized authorization
 - * power of attorney from owner
 - * proof of next-of-kinship
 - * owner=s driver's license, with photo
- c. If there is doubt concerning the adequacy of documentary evidence; the vehicle should not be released. The citizen should be advised to see the Administrative Services Commander for a release during normal business hours.
- d. The vehicle owner will not be denied a release for his/her vehicle solely because he/she refuses to sign a summons.

J. Release Following Request for a Tow:

1. When a request for a tow has been made for an impound and the owner/custodian arrives at the scene prior to the vehicle hookup, the officer will release the vehicle to the owner/custodian without compensation to the crane operator.
2. If the vehicle has been hooked up but has not left the scene upon the arrival of the owner/custodian, the officer should release the vehicle on the scene and allow the owner/custodian to negotiate the fee with the tow operator. Once the vehicle release has been issued, the matter becomes one of a civil nature, to be settled by the vehicle owner and the tow operator.

K. Narcotics related Impounds (Forfeitures):

Impound Officer's Duties: When a vehicle is impounded for a narcotics related violation which is believed to meet the forfeiture criteria set forth by TN Department of Safety and Homeland Security Legal Division the impounding officer shall:

- a. Notify Communications to request a tow service.
- b. Have vehicles impounded pending seizure stored at the designated secure facility additional searches and/or evidence processing is necessary, the vehicle may be stored in the Police impound lot or secure locations.
- c. Complete a police arrest/incident report and Notice of Forfeiture. A copy of the Notice of Forfeiture Seizure will be served on the vehicle owner when possible. The Patrol Commander or designee will ensure notification to the property owner in accordance with Tennessee Law.
- d. Submit completed forms to the Patrol Commander, via the chain of command, with a detailed memorandum describing all circumstances of the arrest, a statement regarding the officer's request for forfeiture, and the justification for recommending forfeiture.

L. Impound Storage Lot Fees

- a. A daily storage fee of \$40/ per day will be charged for each vehicle impounded in the seizure lot. Covington Police Department staff will make efforts to release the vehicle in a timely manner during regular business hours or by appointment on weekend days.
- b. Storage Fees will accumulate from the date listed on the tow ticket to the date scheduled for the pick-up.
- c. Fees will accrue from the date of impoundment until the vehicle is released to the owner or otherwise disposed of according to legal procedures.
- d. After a vehicle is processed into the CPD Impound and can be released, the patrol commander or designee will attempt all points of contact and schedule a pick-up date. If a vehicle is left unclaimed in storage for over 30 days officers will submit proper paperwork to the Tipton County Courts to request the vehicle be forfeited to the Covington Police Department.

- e. Vehicles will be available for pick-up Monday- Friday and Saturday- Sunday. Pick-up scheduled for a weekend day must be scheduled in advance.

******Exceptions to Fee**

- **Victim's Vehicles:** Vehicles belonging to victims of crimes will be exempt from daily storage fees. The exemption applies to vehicles impounded as part of an investigation where the owner is identified as a victim.
- **Special Circumstances:** The Chief of Police or a designated representative may waive or reduce fees in cases of financial hardship or other extenuating circumstances on a case-by-case basis.

PRESS RELEASE

For Immediate Release

The Covington Police Department is Seeking Assistance in locating a group of Shoplifting Halloween Hooligans.

On 30 October 2024 at about 12:25 PM Covington Police Department officers responded to a shoplifting complaint at **Hibbett Sporting located at 1655 Highway 51S in Covington.** Officers confirmed a trio entered the store, grabbed a large number of items and walked out of the store. The staff assisted officers in identifying the clothing items taken and the value was estimated at \$1800.00. The suspects were captured on surveillance video and were described as one male and two females who exited the store and fled the parking lot in a dark colored Dodge Journey SUV. The vehicle was displaying a paper North Carolina temporary tag # 56618084E.

Detectives responded and began networking with other law enforcement agencies who target retail merchandise theft rings. Collierville Police Department detectives confirmed the trio is responsible for multiple thefts across the greater MidSouth.

Detectives confirmed through the investigation that the thieves are in the area to watch stores and check for security cameras. Once they realize there's no security, they hit the targeted stores multiple times. The suspects have access to multiple vehicles which have been utilized during their schemes to commit the thefts. The thefts have been at retail clothing stores and home improvement stores. Memphis PD, Collierville PD, and Covington PD will have active warrants and are seeking their location for capture.

"We are seeking assistance from our citizens and businesses to be watchful for these individuals in your stores or on the parking lots of businesses." said Chief Donna Turner. "The trio who have been identified have been traced back to the Memphis and Shelby County area. We are increasing the patrols in the areas of our businesses and remain focused on the individuals due to them using different vehicles to avoid capture."

If anyone has information on similar incidents, please call the Criminal Investigation Division at 901-475-1261. Tips can also be sent through the Covington Police Department Facebook messenger or the City of Covington website.
