Fire Inspector Report

This Fire Inspector report outlines the activities and contributions of the Fire Inspector for the time frame of May 27, 2025- June 17, 2025 (16 days) highlighting key inspections and assistance provided to ensure public safety and regulatory compliance.

I am currently meeting weekly with Fire Marshal Tommy Smith at the Elementary & Middle School project to complete a construction walk around with the General Contractor. Radio Checks throughout the building are conducted during Inspections.

Fire Inspections:

- 14 Annual Fire Inspections completed on various businesses throughout the city. These inspections are crucial for identifying fire hazards, ensuring fire safety measures are in place, and promoting compliance with fire safety regulations.

Plans Review:

- Performed 2 Plan Review/ Inspections for new construction and/or renovations. This process verifies construction documents complying with fire, life safety and building codes.
- 1 Fire Suppression System physical inspection was performed at the Country Club for Fire Marshal Tommy Smith. Pictures of thrust blocks were taken.

Special Event- BBQ Festival Inspections:

- Performed 7 food truck inspections to ensure safety
- Performed 6 Walk-through inspections of BBQ event participants.

Business Fire & Life Safety Inspections for Certificate of Occupancy or Permits:

Completed 4 inspections of businesses aimed at ensuring Fire and Life-Safety measures were in place before opening to the public and/or allowance for beer permits.

Emergency Calls/Operations:

- Performed/attended 2 emergency calls for assistance, water leaks, complaints and/or Knox box calls.

Meetings/Education/Certification/Assists/Time Off:

- Classwork on Fire Officer III

OSHA Compliance Director Report

Over the last month, I have worked with Human Resources personnel to thoroughly address Health & Safety Program issues. We had our Safety Council meeting on Thursday, May 22 at 1:30 PM in the City Hall Basement Conference Room. Items Discussed:

- 1. Health and safety files for each department/building and answered questions on the implemented programs.**
- 2. HR Cody Bumpas answered questions and spoke about issues with paperwork.**
- 3. Talked about CPR/AED/Narcan training for each department.**

Conclusion: I attest that my efforts have significantly contributed to public safety by conducting essential fire inspections, ensuring compliance with fire and life safety regulations during business inspections and assisting in various critical inspections related to building codes enforcement. These activities are crucial for safeguarding lives, protecting property, and promoting a safe environment within the community. Keeping the community and our employees out of harm's way is the mission. I have also addressed many health and safety issues with the City of Covington personnel to ensure workplace safety and address needs to maintain a healthier workforce.

Russell Thigpen
Fire Inspector/OSHA Compliance Director

PRESS RELEASE

For Immediate Release

Detectives Investigating an Overnight "Smash and Grab" Burglary

On May 16, 2025, at approximately 8:20 AM, Covington Police Department officers responded to a reported burglary at **Cash Express located at 525 Highway 51 N in Covington, Tennessee**. The business owner had been notified by an associate that the front glass door of the business was shattered. Upon arrival, officers observed the front door smashed, and a brick lying in the front lobby. Officers secured the business. Detectives responded to the scene and began processing the business for evidence. The business appeared to have been ransacked during the burglary.

It was determined that approximately \$30 in loose change had been taken, as the business does not store cash on-site overnight. A canvas of the area was conducted to locate additional witnesses and video surveillance. Video surveillance footage recovered from a nearby residence showed a possible male suspect wearing a light-colored shirt approaching the business from the south side and appearing to hide near the south wall. At about 10:44 PM, the building's electricity was shut off, and the video feed subsequently cut out. The suspect approached and left the area of the business on foot. A vehicle description has not been determined, however, could have been parked between 10 to 11:00 PM in the surrounding areas.

"We are asking for anyone who may have seen the possible suspect to contact us. In addition, we urge you to check your home or business video surveillance to see if a suspect matching the description is seen walking or near a vehicle between 10:00 to 11:00 PM on Thursday night." said Chief Donna Turner

This case remains under active investigation, and anyone with information is encouraged to contact the Covington Police Department Criminal Investigations Division at 901-475-1261. Tips can be sent through Facebook messenger Covington TN Police Department or the City of Covington website.

30 May 2025

PRESS RELEASE

For Immediate Release

You Can Run But You Can't Hide: Sky Cop Cameras Capture Vandals Using Local Building for Target Practice

On Thursday, 29 May 2025, at approximately 1:20 a.m., Covington Police Department officers were on patrol and heard a single gunshot in the area near Rose Street in Covington, TN. While canvassing the vicinity, officers observed three (3) individuals running behind residences in the grassy area between Rose and Craig Street. The subjects appeared to be attempting to avoid detection by officers. Officers made multiple attempts to initiate contact; however, the individuals ignored verbal commands to stop. Officers were ultimately able to detain the individuals in front of a residence in the 800 block of Craig Street.

The subjects were identified as a **Covington 16-year-old male juvenile**, 22-year-old **Montrayvius Currie of Memphis**, and 22-year-old **Cabius Purham of Covington**. The officers conducted a pat-down search of the individuals due to the nature of the complaint. The juvenile and Montrayvius Currie were found to be in possession of two 9MM caliber pistols, both confirmed to be loaded. Officers secured the weapons at the scene and collected them as evidence.

The juvenile's parents were contacted and took custody of the juvenile, who was issued citations for **Violation of Curfew and Unlawful Possession of a Firearm**. Cabius Purham was found to have **two (2) outstanding warrants** out of Tipton County and was arrested and transported to the Tipton County Jail. Montrayvius Currie was released pending further investigation.

"Serving - Protecting - Caring"

On Friday, 30 May 2025, CPD detectives conducted a follow-up investigation and reviewed video surveillance from multiple Sky Cop cameras. The footage captured the trio walking north bound for the intersection of Davis Street and Long Avenue toward Bull Circle. As the individuals reached the intersection of Best and Bull, one of the suspects was observed removing a firearm from his waistband and pointing toward the Frazier Alumni Building. A shot was fired and the trio then fled west bound on Bull Street. Detectives successfully tracked the suspects' movements from the time of the incident until their apprehension by officers minutes later. The alleged shooter was identified as Montrayvius Currie. Detectives interviewed Currie at CID, and he denied involvement in the incident.

Detectives responded to the Frazier Alumni Building and observed new damage to the building in the area where the shot was directed. The area was searched, and no one was injured during the incident. The surveillance footage of the incident and the trio was collected as evidence for the positive identifications of the suspects which were consistent with the clothing the trio were wearing when officers detained them on Rose Street moments after the incident.

Currie was arrested and charged with **Vandalism and Contributing to the delinquency of a Minor**. Purham also received a citation for **Contributing to the Delinquency of a Minor**. Both are scheduled to appear in Tipton County General Sessions Court on June 3rd at 9 am.

"The cameras were installed last week and have already proven to be an effective tool in preventing violent crime in the area of Frazier Park. The officer's quick response along with the new technology was the perfect combination to help put all the pieces together and confirm the activity of the suspects." said Chief Donna Turner

This case remains under active investigation, and anyone with information is encouraged to contact the Covington Police Department Criminal Investigations Division at 901-475-1261. Tips can be sent through Facebook messenger Covington TN Police Department or the City of Covington website.

CPD Social Media Engagements

Bill Summary [HB 1376](#)

Present law requires the department of agriculture to regulate the manufacture, production, and sale of hemp-derived cannabinoid products ("HDCP"). This bill transfers such responsibility to the alcoholic beverage commission ("ABC") and the department of revenue and makes various changes and additions to present law concerning the regulation of HDCP, as follows:

- (1) Present law defines hemp as the plant *cannabis sativa* L. with a delta-9 THC concentration of not more than 0.3% on a dry weight basis. This bill adds that "dry weight" means the weight of plant material with a moisture content that does not exceed 13%;
- (2) Present law specifies that tetrahydrocannabinolic acid (THCa) is a HDCP. This bill instead specifies that THCa is not a HDCP and defines THCa as the precursor of delta-9 THC. This bill also specifies that a synthetic cannabinoid is not a HDCP and defines "synthetic cannabinoid" to mean a substance with a similar chemical structure and pharmacological activity to a cannabinoid, but that is not extracted or derived from hemp plants, or hemp plant parts and is instead created or produced by chemical or biochemical synthesis;
- (3) This bill adds a definition of "HDCP," which is a product that contains or that is labeled as containing a hemp-derived cannabinoid and that is produced, marketed, or otherwise intended to be ingested orally, inhaled, or absorbed through the skin, and that may contain a hemp-derived cannabinoid that is extracted from hemp plants or hemp plant parts. This bill specifies that HDCP includes intermediate products intended for subsequent use as a component in a later finished HDCP and harvested hemp plant parts, otherwise known as hemp flower;
- (4) Present law defines "THC" to mean delta-9 tetrahydrocannabinol. This bill instead defines THC to mean tetrahydrocannabinol, THCa, a THC component, or any derivative thereof. This bill defines "THC component" to mean a naturally occurring cannabinoid component of industrial hemp or hemp;

(5) Present law requires that a person obtain a license in order to engage in the business of manufacturing or selling HDCP, including as a supplier or retailer. This bill specifies that a license is also required for engaging in the wholesale distribution of HDCP and defines "wholesaler" to mean a person that purchases finished and packaged for consumption HDCPs, not considered intermediate products still in the pre-packaging stage, from licensed suppliers, or from other licensed wholesalers, and that sells HDCPs for resale and not for consumption;

(6) Present law defines "retailer" to mean a person that sells HDCP for consumption and not for resale. This bill expands the definition of retailer to mean a person that sells, markets, or advertises as a seller, provides samples with or without a fee or charge, or otherwise distributes to the public, with or without compensation, HDCPs for consumption and not for resale;

(7) Present law defines "supplier" to mean a person that manufactures hemp-derived cannabinoids or sells products containing hemp-derived cannabinoids to retailers. This bill expands the definition of supplier to mean a person or entity that manufactures hemp-derived cannabinoids or HDCP or contracts for the manufacture of hemp-derived cannabinoids or HDCP, whether located inside or outside of this state, and that sells finished, packaged HDCP to licensed wholesalers for resale and not for consumption;

(8) Present law generally requires that a HDCP be maintained behind the counter of a retail establishment in an area inaccessible to a customer. A place of business that limits entry to persons 21 years of age or older is not required to comply with the "behind the counter" requirement. A violation of the present law requirement is a Class A misdemeanor.

This bill changes present law to authorize the sale of HDCP at retail in the following locations:

- (A) An establishment that limits entry into the premises to individuals who are 21 years of age or more;
- (B) An establishment that holds a license for the sale of alcoholic beverages on the premises. An establishment that qualifies under this subdivision (B) may only sell HDCPs in a quantity and manner intended for on-premise consumption while present at the establishment in accordance with rules of the ABC;

(C) An establishment that holds a license for the retail sale of alcoholic beverages;
or

(D) An establishment owned or leased by a licensee that holds a valid supplier license, wholesale license, and retail license for the same location where HDCP will be manufactured and sold at retail, or an establishment owned or leased by a licensee that holds a valid supplier license and retail license for the same location where HDCP will be manufactured and sold, and that has contracted with a wholesale licensee for remitting the tax levied under this bill and for the wholesale distribution of the supplier's products. For the products that are manufactured on the supplier's licensed premises and that are sold at retail on the supplier's licensed premises, if applicable requirements are met, a supplier is not required to have the products that it manufactures and sells at retail on its licensed premises warehoused by the supplier's contracted wholesale licensee;

This bill adds requirements for retail sales of HDCP, including warning signs, maintaining HDCP in an area that is constantly visible to a retail licensee's employee, prohibiting self-checkout and vending machine sales, and changing the "behind the counter" requirement to a "behind a barrier" requirement, subject to an exception for certain retailers in the case of HDCP beverage products.

A violation of any of the requirements described in (8) is a Class A misdemeanor;

(9) Under present law, the department of agriculture is generally responsible for licensure related to HDCP and regulating HDCP manufacture and distribution, while the department of revenue is generally responsible for ensuring compliance with tax requirements and regulating retail sales of HDCP. This bill transfers the responsibilities of the department of agriculture to the ABC to the responsibilities of the department of revenue. The full text of this bill specifies various duties and authority for the ABC and the department of revenue to exercise in executing their regulatory responsibilities concerning HDCP;

(10) This bill makes various changes and additions to the requirements for licensure or suppliers and retailers. Among the more significant changes and additions are:

(A) This bill specifies that, if a person holds multiple licenses under this bill, the person shall maintain the business conducted under each license on a separately designated premises or in wholly separate facilities in a manner to be determined by the ABC by rule;

(B) This bill increases the application fee for a retailer's license from \$250 to \$500. This bill increases the annual license fee from \$250 to \$1,000 for a retail location, and \$500 to \$2,500 for a supplier location; and

(C) This bill prohibits the shipping of HDCP directly to a retail licensee in this state or directly to a consumer in this state. This bill requires that all sales of HDCP and transfers of product from a retailer to consumer take place at a licensed retail location in a face-to-face transaction;

(11) The full text of this bill specifies the requirements for obtaining a wholesaler license from the ABC. The application fee for a wholesaler license is \$500 and the annual license fee is \$5,000, per warehouse location. An applicant for a wholesaler license must, among various other requirements, have access to a warehouse that meets certain requirements and demonstrate access to \$750,000;

(12) Under present law, testing of HDCP must employ liquid chromatography tandem mass spectrometry, in a manner similarly reliable to post-decarboxylation, to determine a cannabinoid profile of samples tested, including their THC concentrations. This bill instead requires that the testing be conducted by post-decarboxylation to determine a cannabinoid profile of samples tested, including their THC concentrations;

(13) This bill imposes a tax upon the sale of HDCP at wholesale in the amount of one cent per milligram of hemp-derived cannabinoid in each HDCP sold at wholesale in this state. The tax is payable monthly. Fifty percent of the tax is to be appropriated for use by local governments for local road infrastructure projects in the manner prescribed by the general assembly and the remaining 50 percent is for the use of the ABC to enforce the laws concerning HDCP. This bill specifies reporting requirements for wholesalers to determine the amount of tax due;

(14) Present law specifies packaging and labeling requirements for HDCP. This bill adds packaging requirements specific to HDCP beverage products. Present law prohibits selling an ingestible HDCP in a serving that contains more than 25 milligrams, in the aggregate, of one or more hemp-derived cannabinoids. This bill adds that, for HDCP other than beverage products, HDCP must be packaged in a single package, container, or cartridge that contains no more than the milligram equivalent

of 10 servings, or 250 milligrams of hemp-derived cannabinoids, in the aggregate, in a manner to be determined by the commission by rule;

(15) This bill prohibits mixing HDCP with or otherwise using HDCP as an ingredient in beer or alcoholic beverages;

(16) This bill prohibits labeling or marketing HDCP to make any health-related claims;

(17) This bill prohibits a supplier from delivering one or more HDCPs to a wholesaler for distribution in this state unless each HDCP brand is registered by the supplier with the department of revenue. Also, this bill prohibits a wholesaler from ordering, receiving, accepting, or offering for sale an HDCP brand unless the brand is registered with the department of revenue. The full text of this bill describes a brand registration process and sets an annual brand registration fee of \$300 per brand;

(18) This bill prohibits direct-to-consumer shipping and use of delivery services to delivery HDCP to a consumer. This bill established tiered civil penalties for violations of such prohibitions ranging from \$1,000 for a first offense to \$10,000 for a third or subsequent offense;

(19) This bill makes it a Class A misdemeanor offense for a person to manufacture, cultivate, produce, or sell in Tennessee: hemp or hemp plant parts which contain a THCa concentration in excess of 0.1% on a dry weight basis; any derivative of hemp or HDCP that contains THCa, hemp, hemp plant parts, a derivative of hemp, HDCPs, or another product that contains a total THC concentration, or a total theoretical THC concentration, in excess of 0.3% on a dry weight basis; or a synthetic cannabinoid, or a product that contains a synthetic cannabinoid;

(20) Present law levies an additional 6% tax on the sales price of HDCP, the revenue from which is deposited into a special account in the state general fund, with 50% allocated to the department of revenue and 50% allocated to the department of agriculture, to be used exclusively for the regulation of HDCP in Tennessee. This bill redirects the department of agriculture's half to the ABC, removes the requirement that the funds be used exclusively for the regulation of HDCP in Tennessee, and requires that unused funds remaining in the account at the end of a fiscal year must not revert to the general fund but must be carried forward and remain available for expenditure in accordance with the sales tax laws; and

(21) For purposes of promulgating rules and carrying out administrative duties necessary to effectuate this bill, this bill takes effect upon becoming a law. For all other purposes, this act takes effect January 1, 2026.

Report Number

Official Trespass Notification

This letter serves as formal notice that you are no longer permitted to enter, remain on, or return to any property owned, operated, or managed by the Covington Housing Authority (CHA). This includes but is not limited to CHA residential complexes, CHA administrative buildings, CHA grounds, parking lots, or common areas.

Effective immediately, you are prohibited from being present on any Covington Housing Authority property, whether invited or uninvited.

Reason for Notice:

- Disturbance/Disorderly Conduct
- Criminal Activity
- Threat to Resident or Staff Safety
- Property Damage
- Unauthorized Presence
- Other: _____

Legal Consequences:

If you return to any Covington Housing Authority property after receiving this notice, you will be subject to arrest and prosecution for criminal trespass under Tennessee Code Annotated § 39-14-405.

T.C.A. § 39-14-405 – Criminal Trespass

A person commits criminal trespass when they enter or remain on property without the owner's effective consent and knowing they do not have such consent.

Violation of this notice may result in a misdemeanor charge, punishable by fines and/or jail time under Tennessee law.
