A \$35.00 permit fee is required for any new driveway installed within the corporate limits of City of Covington. A \$35.00 permit fee is required for widening of existing driveways within the corporate limits of the City of Covington. Please indicate if there is a utility meter, or clean out in the area proposed to be widened. This permit entitles the developer to cross the municipal right – of – way and connect to the street. Should any curb cuts, drainage culverts, pipes, etc. be required, the Street Division of the Covington Public Works will aid and assist in the sizing of these culverts. Maintenance of the driveway and culverts remain the responsibility of the property owner, not the City of Covington.
